

Direct Vent Gas Fireplaces

CAPTIVATING BEAUTY.
INVITING WARMTH.

JUST YOUR STYLE. With a variety of options, ranging from specialty and contemporary to more traditional styles, you're sure to discover the perfect Majestic direct vent gas fireplace to complement your new home or addition.

Solitaire shown with Tavern Brown Firebrick (p. 8)
On Cover: Cameo shown with Tavern Brown Firebrick (p. 10)

ALL OUR MAJESTIC DIRECT VENT GAS FIREPLACES OFFER GREAT FEATURES INCLUDING

WIDE VIEWING AREAS

Designed to deliver a beautiful flame picture, all of our fireplaces provide an expansive view of the fire that will delight friends and family.

WARMTH AND COMFORT

No matter which style you choose, you can depend on Majestic fireplaces to deliver ample BTUs to help heat your home for years to come.

EXCLUSIVE CONTROL SYSTEM

Majestic offers three exclusive control systems designed to deliver just the right level of comfort for your space. From the elegant simplicity of the EcoLogic® System to the ultimate control of Total Signature Command®, fireplace control technology has never been better. Optional remote controls, electronic ignition systems, and battery-back up kits ensure your unit operates easily, at peak efficiency and when you need it most — during those winter storms when the power goes out!

You never have to worry about another cold night with a Majestic gas fireplace.

Read more about our control systems on the back cover.

*Available with select fireplaces.

PEARL DESIGNER SERIES

CREATE AMBIENCE THREE WAYS

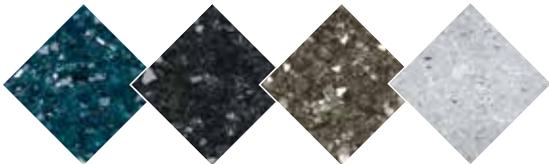

With three different configuration options – See-Thru, Corner and Peninsula – the Pearl Designer Series adds a dramatic accent to any room, no matter how you look at it. Each style provides an expansive view of the fire from multiple sides, while interior options like contemporary glass, stone and light kits transform your fireplace into a statement piece, even when it isn't lit.

ULTIMATE CONVENIENCE AT YOUR FINGERTIPS

Majestic offers three control systems for our direct vent gas fireplaces.
Discover the level of control that's right for you!

EcoLogic® System

The EcoLogic® fireplace control system offers the benefits of an energy efficient intermittent pilot system, with the simplicity of a millivolt valve.

Featuring:

- Electronic ignition — just flip the wall switch to enjoy your fireplace.
- Pilot selection option — choice of cold climate standing pilot or the energy efficient intermittent pilot
- Memory shut off remembers your favorite setting the next time the fireplace is turned on
- Convenient diagnostic code indication lights
- Built-in remote receiver for the option to easily add a remote control

Signature Command® System

An A/C adaptor is included; however, unlike competing control systems that require A/C to function, the Signature Command® System can be installed where no power is available, making it more convenient than ever to enjoy the fire.

Featuring:

- ON/OFF 3-step variable flame height adjustment
- Automatic, uninterrupted battery back-up during power outages
- Pilot selection option — choice of cold climate standing pilot or the energy efficient intermittent pilot
- Memory shut off remembers your favorite setting the next time the fireplace is turned on
- Convenient diagnostic code indication lights
- Built-in remote receiver for the option to easily add a remote control

Total Signature Command® System

Enjoy the convenience of a technologically advanced and energy efficient fireplace control system! By adding a simple module you can have all the features below*:

Featuring:

All of the features included with Signature Command® System

PLUS:

- Smart Mode® thermostat for enhanced energy efficiency — it automatically adjusts flame height and/or blower to maintain the desired temperature, using only the energy it needs to help save on fuel costs.
- TSFSC Full Function Touch Screen remote control
- Rear burner shut down feature lowers heat output as much as 70% for ambiance when heat is not needed (on select fireplaces)
- A/C accessory model for added control features, like household lighting, waterfall feature, and more!

Remotes and thermostats are available for all models for added convenience.

Touch screen hand held ON/OFF remote. A touch screen remote comes standard with Total Signature Command® models.

Thermostat ON/OFF remote control with 3-step flame height adjustment and 3-step blower control with receiver

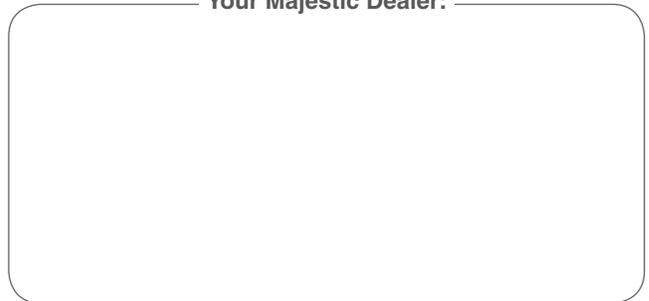

*if equipped with required accessories
