VAUGHAN, ON, August 11 2020 — In recognition of its commitment to quality, leadership and excellence in the heating, ventilating and air-conditioning (HVAC) industry, Maple Air Heating & Cooling received the 2020 President's Award from Carrier at a March 6 ceremony in Colorado Spring, Colorado.

Maple Air became the second ever Carrier Factory Authorized Dealer hailing from the Greater Toronto Area to claim the prestigious President's Award. The award is given to Carrier Factory Authorized Dealers who are committed to and consistently demonstrate technical expertise and service excellence to deliver an outstanding customer experience.

The proud 2020 recipient - owner of Maple Air, Hamid Farzanegan has set a new standard in York Region for delivering premiere quality products coupled with a truly exemplary standard of technical excellence and superior customer service. The ascent to the upper echelon of the Carrier network in Canada has been rapid and impressive, embracing diversified digital advertising strategies & pioneering novel go to market strategies - with a boutique presence in the City of Vaughan's Improve Mall. Maple Air's commitment to continual business development training has also served as a reminder why they've proven to be amongst the most proficient and highest performing contractors in the country.

The President's Award is designed to encourage Carrier's dealers to take a fresh perspective on their business and to reward dealers who have excelled in customer satisfaction. Recipients serve as role models, share best practices and offer peer mentoring to help cultivate excellence across the Carrier dealer group.

"When I met with Hamid and the Maple Air team it was very apparent they were on a mission... a mission to be recognized as an industry leader, providing the best end to end customer experience. Receiving their first President's award clearly validates their demonstrated passion, focus and relentless pursuit of continuous improvement, delivering on their mission and winning customers for life."

- Michael Gonsalves, President of Carrier Enterprise Canada.
